GENERAL

My figures are crocheted in continuous spiral rounds, unless stated otherwise.

The toys should be crocheted as tight as possible, so the stuffing does not shine through.

I regularly use yarn for hook size 3,5mm – 4mm and a hook size 2,5mm (C/D).

The colors and yarn in this pattern are just a suggestion. Of course you can use your favorite colors and yarn. That's why I usually don't indicate color numbers or manufacturers.

However: Please be aware not to mix different manufacturers. It is important to compare the strength and length of the used yarn. Example: Using a 200m/50g and a 130m/50g for one figure will lead to wrong proportions. I exclusively use synthetic yarn.

The finished right arm:

Attaching the arms

The arms are best pinned onto the dragon on the lamp (like the legs), then sewed on and finally stuffed.

The spikes are crocheted together in the order small - medium - large, by closing them at the edge with sc's.

I.e. the small spike is closed at the edge with 5 sc.

Then a further small spike is put on and closed also with 5 sc, by crocheting directly on, etc., until all small spikes are connected.

Then the medium spikes are crocheted directly in the same way and at the end the large spikes:

The back ridge is pinned from the head along the middle of the back and then sewn on.

Back ridge – second row x2

The second row of the back ridge is crocheted and assembled in the same way as the ridge from the middle, but with the following number of spikes:

Medium spikes: 8 pieces
 Small spikes: 12 pieces

The second / outer row (2 pieces in total) are then put aside until the wings are finished..
