MIDDLE PIECE

• black yarn

Chain 10 and join with a slip stitch to form a ring.

Crochet 1 sc around until the middle piece is long enough to reach from one headphone to the other.

Measure the middle piece on Jumpy's head to make sure it's long enough.

The headphones should be placed 18 rounds from the top of the head.

My middle piece ended up measuring 15-16 cm.

ASSEMBLY

1.

Pin the snout on the head and sew it, approx. 27 rounds below the top of the head.

On the snout, embroider a big nose with light pink yarn and a line with black yarn from the bottom of the nose to the bottom of the snout.

If you prefer, you can also embroider the nose before sewing the snout on the head.

2.

Stuff the head and sew the head and body together. Stuff the neck firmly to make sure the head won't dangle.

Stuff the arms and sew them to each side of the body, 3 rounds below the neck.

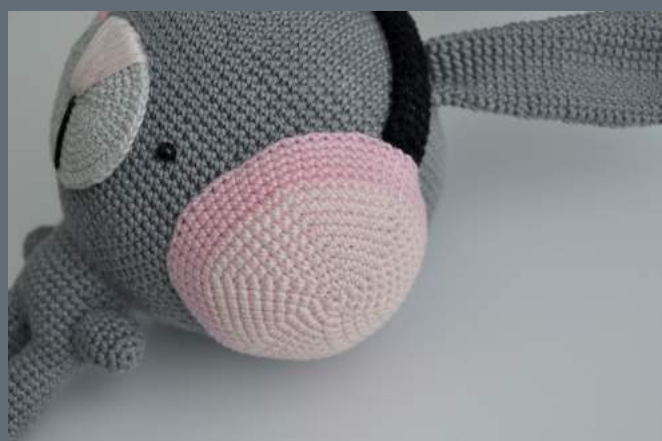

3.

Place the black middle piece across the head and sew its ends to the head.

Pin the headphones to each side of the head and sew them, approx. 18 rounds below the top of the head.

Stuff the headphones before sewing them all the way around.

4.

Pin the ears on top of the head, folding them at the base.

Sew them 7 rounds below the top of the head.
