Notice about the pattern

- I use USA terms for this pattern
- My lucky dolls are crocheted with the back side facing outwards !!!!**

- This pattern includes instructions for:
 - * The basic doll
 - * Long Tail Pixie Hat
 - * Jamaica Hat

- Finished basic doll is approximately 4 inches /9,5 cm tall sitting and without hat.
- You can use all type of yarn you want. Be careful to use the adapted crochet hook's size.
- You can use a smaller hook than recommended to be sure your work is tight.
- I used 2 mm eyes for my dolls. You can use an other size but it will result in different looks.
- I advice starting by crocheting arms and legs especially if you have one ball of yarn in each color.

- black sewing thread (for embroidering the mouth).

- Optional: felted balls or jewells for the hat's embellishment.
