Children will love storing pens and pencils in

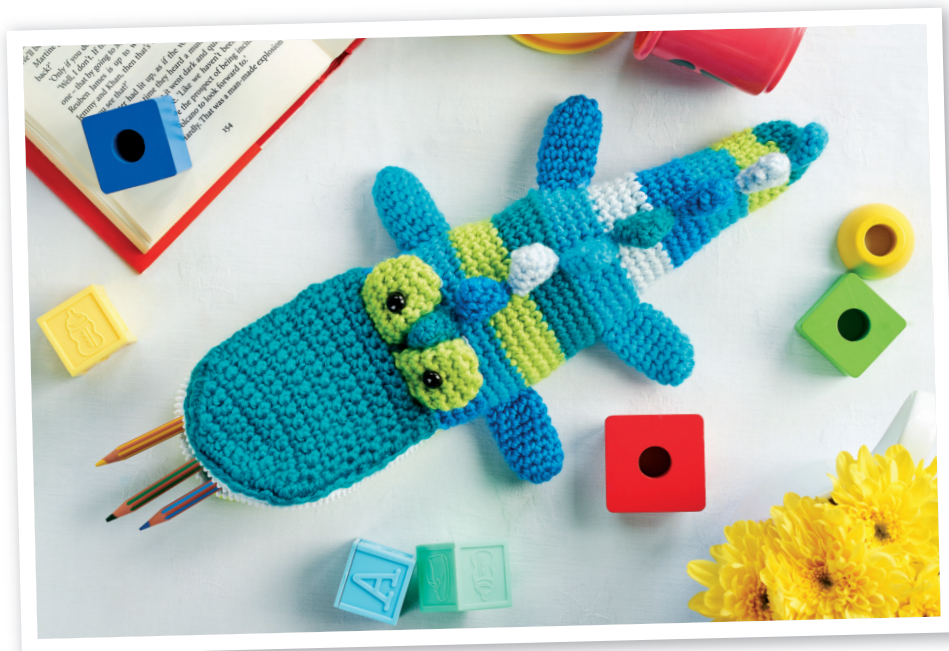

Mister Snaps

Despite his impressive appearance and powerful jaws, Mister Snaps is known up and down the river for being a big softie. So much so, he keeps all of the pencils that his fish friends find safe in his mouth and even sharpens them with his teeth! Mainly worked in four row colour stripes, you can mix and match the colours of **Irene Strange's** cheeky croc to personalise this fun pencil case that younger relatives will love taking to school.

*On the LGC Facebook page
we asked you to help
us name our cheeky croc and
Shell Spencer's five-year-old
daughter came up with
Mister Snaps!*
