2/3(15-36kg)

trillo™ eco

high back booster

GB Instruction Manual

# Welcome to Joie™

Congratulations on becoming part of the Joie family! We are so excited to be part of your journey with your little one. While traveling with Joie trillo™eco high back booster you are using a high quality, fully certified safety Group 2/3 booster. This product is suitable for use with children weighing 15-36kg (approximately 3-12 years old). Please carefully read this manual and follow each step to ensure a comfortable ride and best protection for your child.

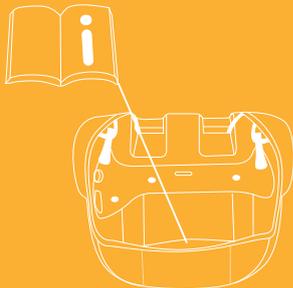

## Please confirm

This booster can be installed using a 3 point retractable adult seat belt approved to ECE Regulation No. 16 or other equivalent standards.

## Booster

**! IMPORTANT: KEEP FOR FUTURE REFERENCE. PLEASE READ CAREFULLY.**

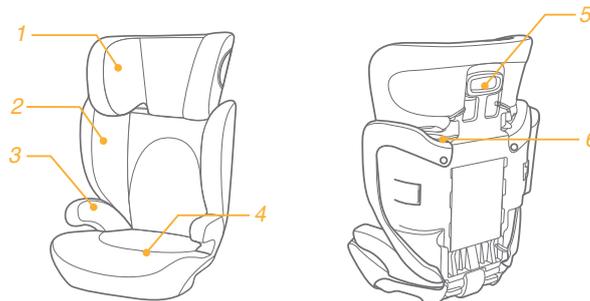

Please keep the instruction manual in the storage pocket on the seat cover underneath the booster as the right picture.

## Parts List

Make sure all parts are available before assembly. If any part is missing, please contact local retailer. No tools are required for assembly.

- |                      |                                 |

| 2 Lower Back Support | 5 Head Support Adjustment Lever |
| 3 Armrest            | 6 Shoulder Belt Guide           |

## WARNING

- ! Do take care to locate and install the booster seat so that it is not liable to become trapped by a moveable seat or in a door of the vehicle.
- ! This booster is designed ONLY for child weighing 15-36kg (approximately 3-12 years old or under).
- ! Failure to properly use this booster seat increases the risk of serious injury or death in a sharp turn, sudden stop or crash.
- ! DO NOT use another manufacturers soft goods with this booster seat. See your retailer for Joie replacement parts only.
- ! DO NOT use in any configuration not shown in the instructions.
- ! According to accident statistics, Children are safer when properly restrained in rear vehicle seating positions, rather than front seating positions. For a vehicle with a front passenger air bag, refer to your vehicle owner's manual as well as these instructions for a booster seat installation.
- ! NEVER leave your child unattended.
- ! Any straps of vehicle seat should be tightened and not twisted.

## WARNING

- ! After your child is placed in this booster, the safety belt must be used correctly, and ensure that any lap strap is worn low down, so that the pelvis is firmly engaged.
- ! NEVER leave a booster seat unsecured in your vehicle. An unsecured booster seat can be thrown around and may injure occupants in a sharp turn, sudden stop or crash. Remove it or make sure that it is securely belted in the vehicle.
- ! NEVER leave luggage or other objects unsecured in a vehicle, they are liable to cause injuries in the event of a collision.
- ! Replace the booster seat after an accident of any kind. An accident can cause damage to the booster seat that you cannot see.
- ! DO NOT modify your booster seat or use any accessories or parts supplied by other manufacturers.
- ! The booster seat can become very hot if left in the sun. Contact with these parts can burn your child's skin. Always touch the surface of any metal or plastic parts before putting your child in the booster seat.

## WARNING

- ! NEVER use a booster seat if it has damaged or missing parts. DO NOT use a cut, frayed or damaged vehicle seat belt.
- ! NEVER give this booster seat to someone else without also giving them this manual.
- ! NEVER use a second-hand booster seat or a booster whose history you do not know.
- ! DO NOT use this booster without the soft goods.
- ! DO NOT use any load bearing contact points other than those described in the instructions and marked on the booster seat.
- ! DO NOT face your booster toward the rear of the vehicle.
- ! To avoid burns, never put hot liquids in your cupholders.
- ! DO NOT use this booster for more than 10 years after the date of purchase, as parts may degrade over time, or from exposure to sunlight, and may not perform adequately in a crash.
- ! The soft goods should not be replaced with any besides the ones recommended by the manufacturer, because the soft goods constitute an integral part of the booster seat performance.

## Emergency

In case of emergency or accidents, it is most important to have your child taken care of with first aid and medical treatment immediately.

## Product Information

Read all the instructions in this manual before using this product. If in doubt, consult either the booster seat manufacturer or the retailer.

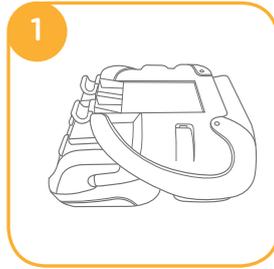

1. This booster is a 'Universal' child restraint. It is approved to UN ECE regulation 44, 04 series of amendments, for general use in vehicles and it will fit most, but not all, car seats.
2. A correct fit is likely if the vehicle manufacturer has declared in the vehicle handbook that the vehicle is capable of accepting a 'Universal' booster seat for this age group.
3. This booster has been classified as 'Universal' under more stringent conditions than those which applied to earlier designs which do not carry this notice.

# Booster Assembly

see images 1 - 6

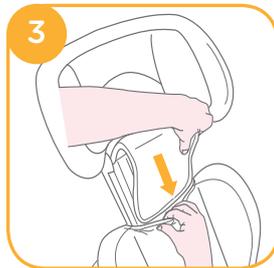

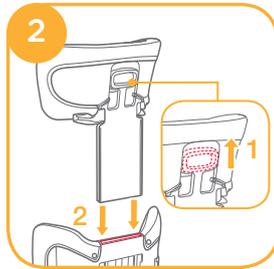

1. Booster taken from the carton as 1

2. Flip head support and lower back support over as shown.

2

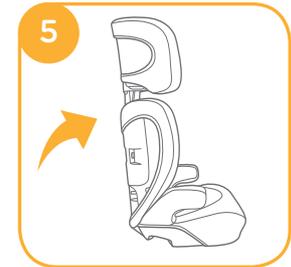

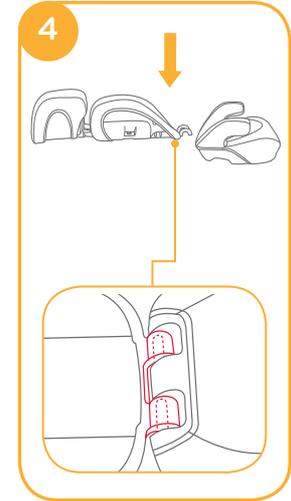

! Squeeze adjustment lever 2 -1 and slide two pieces together until they snap into place. 2 -2

3. When attaching backrest to base, please press backrest down strongly. "U"-shaped hooks on bottom of backrest will interlock with bars on base. 4

! Shake the backrest to make sure the recline mount is correctly fixed.

! Do not use this booster seat base separately.

4. The completely assembled booster is shown as 6

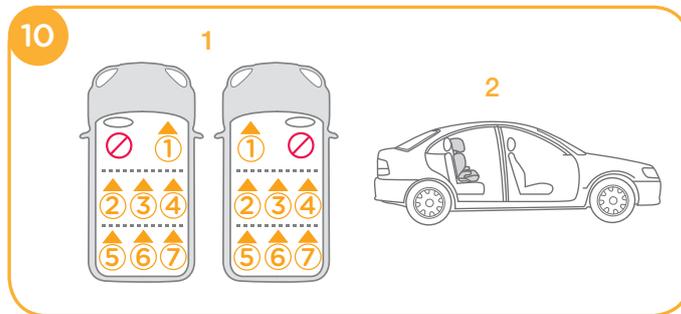

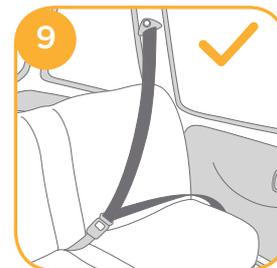

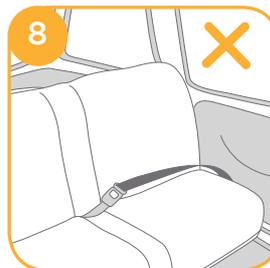

## Height Adjustment for Head Support

see images 7

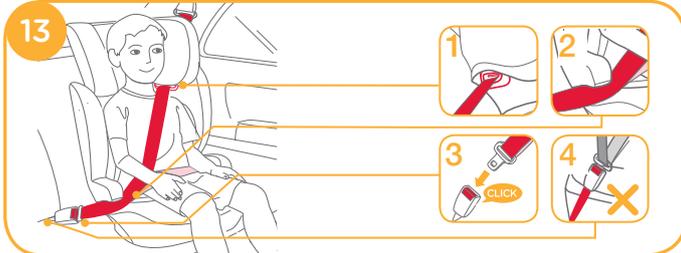

## Concerns on Installation

see images 8 - 10

## Installation with 3-point-belt

see images 11 - 17

Please make sure that the backrest of the child safety seat rests flat against the backrest of the car seat so that the child seat is under no circumstances in a reclined position. 12 Pull the vehicle safety belt and pass through the belt path 13, and then buckle it up. 13 -3

- ! Position shoulder belt through the shoulder belt guide shown in 13 -1
- ! DO NOT position vehicle belt over top of the armrests. It must pass underneath the armrests. 13 -2
- ! The lap belt must be low down on hips. The booster is shown as 13
- ! The booster seat can not be used if the vehicle safety belt buckle (female buckle end) is too long to anchor the booster seat securely. 13 -4

! To ensure the correct head support height is obtained, the bottom of the headrest MUST be even with the top of child's shoulders as shown in 14 and the shoulder belt must be positioned in the red zone as shown in 15.

! Place a booster seat firmly against the back of a forward-facing vehicle seat equipped with a lap/shoulder belt.

! Have your child sit in a booster seat with their back flat against back of a booster seat.

! NOT as shown in 17. Fasten buckle and pull up on the shoulder belt to tighten.

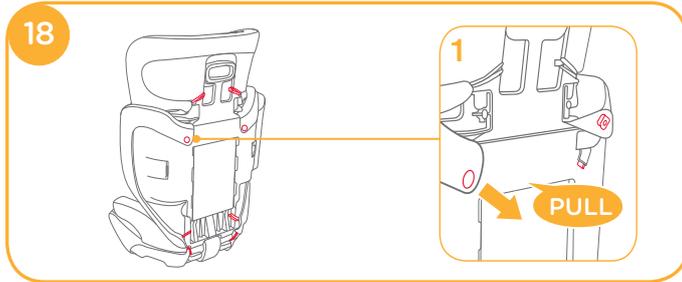

! If the belt lays across child neck, head or face, readjust head support height.

! Belt must not be twisted.

## Detach Soft Goods

see images 18

Open 2 pairs of buttons and 6 pairs of elastics on the back of soft goods to remove it. 18

! Pull down to remove button as 18-1

To refit the seat pad simply reverse the steps above.

## Care and Maintenance

- ! Please wash the soft goods and inner padding with cold water under 30°C.
- ! Do not iron the soft goods.
- ! Do not bleach or dry clean the soft goods.
- ! Do not use undiluted neutral detergent, gasoline or other organic solvent to wash the booster. It may cause damage to the booster.
- ! Do not twist the soft goods and inner padding to dry with great force. It may leave the soft goods and inner padding with wrinkles.
- ! Please hang dry the soft goods and inner padding in the shade.
- ! Please remove the booster from the vehicle seat if not in use for a long period of time. Put the booster in a cool, dry place and somewhere your child cannot access it.
