OS OFFICE SOLUTION

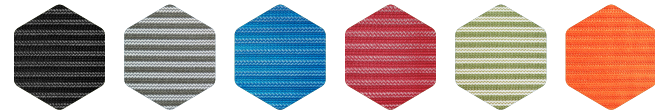

Ergonomic office chairs are perfect for people who spend 8 hours or more a day in front of a computer, because human bodies are not meant to sit for long periods of hours in one position especially when they are on poorly designed desk chairs. Modern jobs have changed patterns of people's work styles that require more hours on their desks. We suggest new office solutions that shall make sitting experience pleasant and comfortable. Each off individual parts of OSOS is well - designed and ergonomically adjustable to all body types and support better movements for wider range of work.

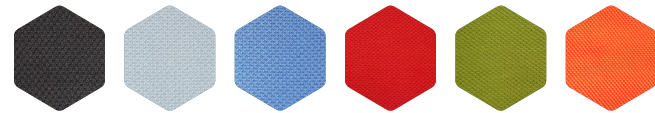

BENZ

BENZ refers to braveness and masculinity. BENZ series' simplicity is maximized by its sleek structure. The chair delivers minimalistic design and advanced ergonomics. BENZ provides comfort and pleasantness with breathable mesh material. Various mesh and fabric color options available to help you customize your own space.

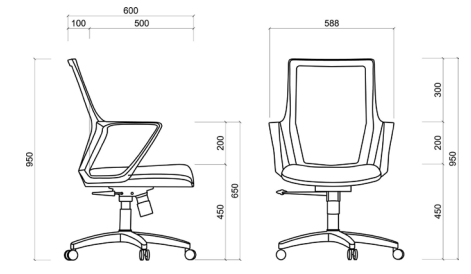

» **Color: Ventilated mesh fabric**

» **Color: Mesh fabric**

A high-performing task chair, BENZ blends science-based wellness and comfort with sustainability and international design.

VOX

Offers flexibility, reduces muscular or nerve problem in particular when sitting for a prolonged time, performing repeated tasks. Chair easily swivels 360 degrees to get the maximum use of your workspace without strain. The pneumatic adjustment lever will allow you easily to adjust the seat to your desired height. This comfortably designed chair will make a great option for your home or office space.

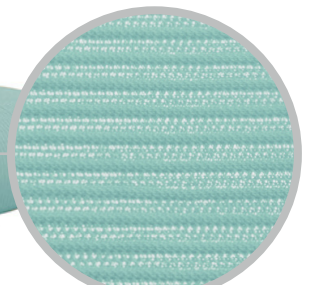

» **Color: Ventilated mesh fabric**

LATIF 1

LATIF Manager: Steer your way to enhanced comfort and productivity with this high-back mesh Chair with adjustable arm-rests.

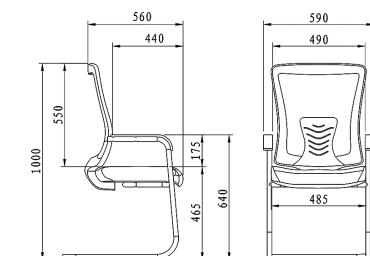

LATIF 2

LATIF Meeting: sleek and professional looking chairs that are a perfect finish for your office set up. Ventilated seating is the most stylish way for users to stay comfortable all day! With LATIF's breathable fabric, any meeting can be super-productive.

» **Cantilever base:**
Black powder coated metal frame

SKYE

SKYE: A good office chair can make a long day at work seem like a breeze. SKYE does that by offering custom comfort options including a swivel star base, tilt control and adjustable height mechanism. SKYE was designed based on three key insights: chairs should promote movement and be comfortable for long periods of time; adjustments should be intuitive; chairs should support multiple postures.
