## CONRAD TABLE TOP ETCHING PRESSES

Prices effective January 1, 2020

	Price	Press Wt.	Shipping Wt.
Model E12 Etching Press – 12" x 24"			
Standard Model – not geared, with large spoked star wheel, steel rolls, composite bed	\$1,309		100 lbs.
Deluxe Model – equipped with 6 to 1 drive, steel rolls, composite bed	\$1,939		112 lbs.
Shipping box size 28" x 31" x 17" high			
Options for E12 Etching Presses			
Juminum Rolls (in place of steel)	\$106		-31 lbs.
teel or Aluminum Bed Plate (in place of composite bed) (Aluminum beds are 28" long) Il Steel Stand	\$188 \$304		+23 or +51bs. 37 lbs.
ficrometer Gauges	\$394 \$339		3 / 108.
.5" diameter Upper Roll (in place of 3" diameter standard rolls) Solid Aluminum	\$179	***************************************	•••••
Chrome-plated Upper Roll (steel only)	\$124		
poked Star Wheel (in place of hand crank on deluxe model)	\$222	***************************************	+5 lbs.
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$307	~~~~~~~~~~~	
Model E15 Etching Press – 15" x 30"			
tandard Model - not geared, with large spoked star wheel, steel rolls, composite bed	\$1.989		113 lbs.
Deluxe Model - equipped with 6 to 1 drive, steel rolls, composite bed	\$2,585	***************************************	135 lbs.
Shipping box size 28" x 31" x 17" high			
Options for E15 Etching Press:			
teel or Aluminum Bed Plate (in place of composite bed)	\$262		+39 or +101bs
ll Steel Stand	\$394		37 lbs.
licrometer Gauges	\$339		
hrome-plated Upper Roller	\$113		
olid Aluminum Roll (upper) in place of steel	\$90		
.5" Diameter Solid Aluminum Upper Roll in place of standard steel roll	\$384		
poked Star Wheel (in place of hand crank on deluxe model) asters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$243 \$307		+5 lbs.
Model E18 Etching Press – 18" x 44"			
Standard Model – equipped with 6 to 1 hand drive, steel rolls, composite bed	\$3,548		290 lbs.
Deluxe Model – equipped with composite bed, deluxe twin-torque drive	¢4.216		21511
to 1 reduction plus choice of 10, 15, 20, or 25 to 1. (Specify secondary eduction when ordering	\$4,316		315 lbs.
Shipping box size 46" x 56" x 36" high			
Options for E18 Etching Press:			
teel Bed Plate – 18" x 36" x ¾" precision ground (in place of composite bed)	\$450		+150 lbs.
Juminum Bed Plate – 18" x 42" x 3/4" precision ground (in place of composite bed)	\$450		+25 lbs.
All Steel Stand – 39" x 22" x 29"	\$394		37 lbs.
licrometer Gauges	\$409		
Ouick-change gear set (pair)(for deluxe models only)	\$301		6 lbs.
"diameter Upper Roll (in place of standard 4.5" diameter roll)(Solid Aluminum)	\$270		
Chrome-plated Upper Roller	\$172		
poked Star Wheel (in place of hand crank)	\$221		
d			18 lbs.
	\$307		
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$307		
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking  Model E24 Etching Press – 24" x 48" and 24" x 53"	\$307		
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking  Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x 34" composite bed – equipped with heavy-duty 6 to 1	\$4,880		350 lbs.
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking  Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x ¾" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive	\$4,880		
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking  Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x ¾" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive			350 lbs. 375 lbs.
Model E24 Etching Press – 24" x 48" and 24" x 53"  Itandard Model – small frame 24" x 48" x ¾" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive  Itandard Model – equipped with large spoked star wheel drive  Itandard Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or	\$4,880		
Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x ¾" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive  Standard Model – equipped with large spoked star wheel drive  Standard Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 15 to 1 (specify secondary reduction when ordering)  Deluxe Model – large frame 24" x 53" x ¾" composite bed plate – equipped with large spoked	\$4,880 \$4,961		375 lbs.
Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x ¾" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive  Standard Model – equipped with large spoked star wheel drive  Standard Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 25 to 1 (specify secondary reduction when ordering)  Deluxe Model – large frame 24" x 53" x ¾" composite bed plate – equipped with large spoked tar wheel drive  Deluxe Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or	\$4,880 \$4,961 \$6,035		375 lbs. 350 lbs.
Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x 34" composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive  Standard Model – equipped with large spoked star wheel drive  Standard Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 5 to 1 (specify secondary reduction when ordering)  Deluxe Model – large frame 24" x 53" x 34" composite bed plate – equipped with large spoked tar wheel drive  Deluxe Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 5 to 1 (specify secondary reduction when ordering)	\$4,880 \$4,961 \$6,035 \$5,919		375 lbs. 350 lbs. 650 lbs.
Model E24 Etching Press – 24" x 48" and 24" x 53"  Standard Model – small frame 24" x 48" x <sup>3</sup> / <sub>4</sub> " composite bed – equipped with heavy-duty 6 to 1 and crank planetary gear drive  Standard Model – equipped with large spoked star wheel drive  Standard Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 25 to 1 (specify secondary reduction when ordering)  Deluxe Model – large frame 24" x 53" x <sup>3</sup> / <sub>4</sub> " composite bed plate – equipped with large spoked tar wheel drive  Deluxe Model – equipped with twin torque drive 5 to 1 reduction plus choice of 10, 15, 20, or 25 to 1 (specify secondary reduction when ordering)  Shipping box size 46" x 56" x 36" high  Options for E24 Etching Press:	\$4,880 \$4,961 \$6,035 \$5,919		375 lbs. 350 lbs. 650 lbs.

Steel or Aluminum Bed – Standard Model – 24" x 53" x ¾" – precision ground (in place of the	\$696	+200 or +85
composite bed)		lbs.
Steel or Aluminum Bed – Deluxe Model – 24" x 48" x ¾" – precision ground (in place of the composite bed)	\$727	+250 or +95 lbs
All Steel Stand – Standard Model	\$478	60 lbs.
All Steel Stand – Deluxe Model	\$629	90 lbs.
Micrometer Gauges	\$478	
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$291	18 lbs.
Chrome-plated Upper Roller	\$271	
Spoked Star Wheel (in place of twin torque models)	\$271	
*Standard Press without hub is 33 5/8" wide and with the hub is 34 ½" wide*		
Model E31 Etching Press – 30 ½" x 54"		
Standard Model – 30 ½" x 54" x ¾" composite bed plate – equipped with 7.5" diameter upper roll, geared reduction drive, and large diameter spoked star wheel	\$6,418	700 lbs.
Crating Charge	\$490	
Options for E31 Etching Press:  Steel or Aluminum Bed Plate – 30 ½" x 54" x ¾" precision ground (in place of composite bed)	\$926	+280 or +60
All Steel Stand	\$633	with skid 150 lbs
Micrometer Gauges	\$478	
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$341	18 lbs
Chrome-plated Upper Roller	\$407	
Enclosed Star Wheel	\$696	
Model E37 Etching Press – 36 ½" x 60"		
Standard Model – 36 ½" x 60 ¾" composite bed plate – equipped with 7.5" diameter upper roll,	\$8,370	900 lbs.
geared reduction drive, and large diameter spoked star wheel	\$6,570	900 108.
Crating Charge	\$490	
Options for E37 Etching Press:		
Steel Bed Plate – 36 ½" x 60" x ¾" precision ground (in place of composite bed)	\$952	+378 lbs.
Aluminum Bed Plate – 18" x 42" x ¾" precision ground (in place of composite bed)	\$952	+80 lbs.
All Steel Stand – 39" x 22" x 29"	\$644	110 lbs.
Aicrometer Gauges	\$478	
Casters for Steel Stand – 3.5" diameter, hard rubber wheels, all-swivel, all-locking	\$341	18 lbs
	\$464
