

SAVANT PRO APP

At A Glance

SAVANT

The Savant Pro App enables all the features of your Savant Home, with fast access to Rooms, Scenes, Services and much more. This guide will help you understand how to navigate the app, take advantage of new features, and create a personalized experience in your home.

Note: Services available in a Savant Home vary based on what has been quoted and installed by your Savant Authorized Integrator.

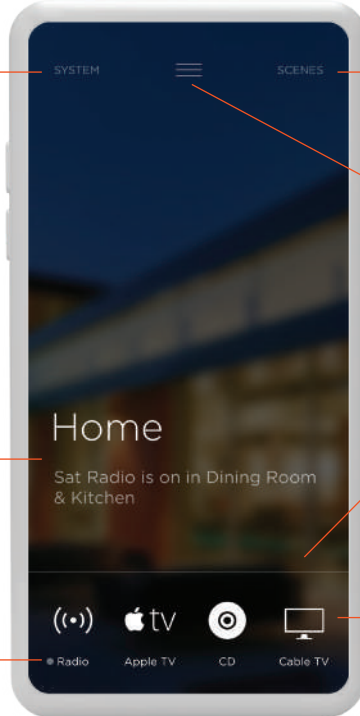

HOME VIEW – MAIN NAVIGATION

The Home View displays an overview of what is happening at home.

Swipe right or tap **System** to get the status of devices within your Savant Home.

To get a closer look at what's **Now Playing** in your home, tap your activity feed.

A service that is active somewhere in the home is indicated by a dot.

Swipe left or tap here to see all available **Scenes**.

Pull down or tap here for the **Rooms View** to access rooms, profiles, and settings.

Scroll left or right through the carousel of available services in your Savant Home.

Tap to access all of the options for a service. For quick adjustments press and hold or Force Touch to bring up **Quick Controls**.

SAVANT SCENES

Capturing, creating, and editing Scenes is easier than ever.

Tap the **+** icon to capture or build a Scene. Each step has been designed for simplicity.

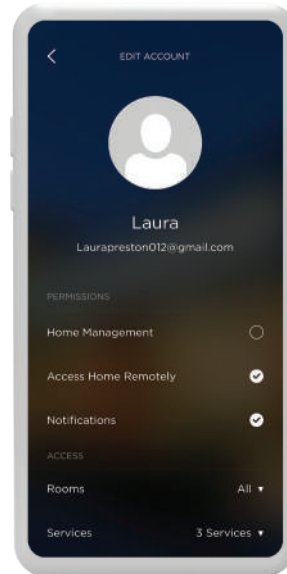

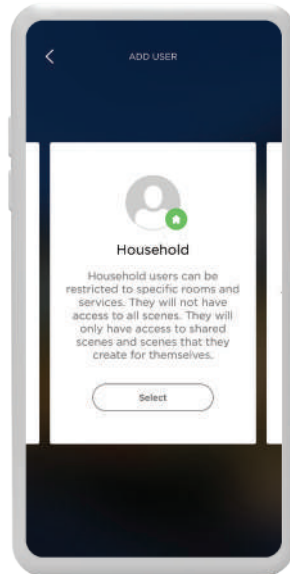

Swipe left on a **Scene** name to edit, set a countdown timer, or delete.

Scenes can be set as shared or left as personal. Shared Scenes are available to all users as well as accessible from in-wall touch screens.

Press and Hold or Force Touch on iOS to reorder Scenes.

USER PROFILES

Let everyone in your house enjoy the benefits of Savant.

The **Profiles** screen shows a list of who can use your Savant Home.

Add a new profile by tapping the **+ icon** and choosing from three different user types.

After inviting someone to your Home, tap on the new user profile to grant permission for **Control** of different rooms, services, or the ability to access your home remotely.

SETTINGS

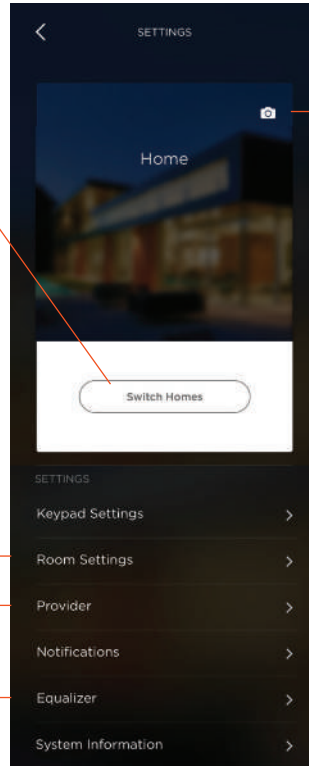

The Settings screen lets you add photos, create notifications, watch helpful tutorials, and more.

Tap on **Switch Homes** to switch between your Savant Homes if you have multiple homes set up under your Savant account.

Change the photo associated with a room in **Room Settings**.

Set your local cable TV **Provider** for channel favorites.

Set the perfect **Equalizer** settings per audio or video service, per room.

Tap the **Camera Icon** to add a custom image of your home.

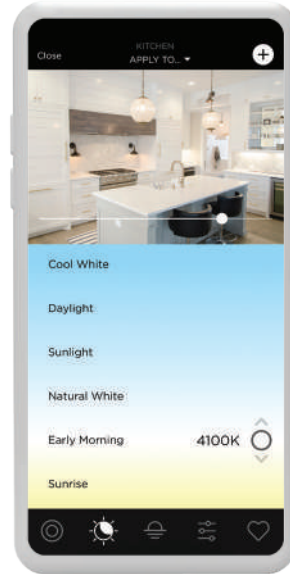

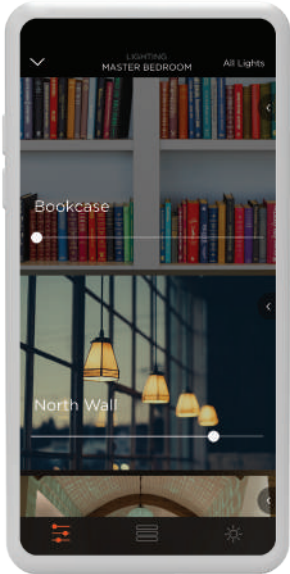

Assign Scenes to keypad buttons in your home.

Set up **Notifications** that will alert you to changes in your Savant Home.

Version information about your Savant App and other Savant products in your Savant Home. The **System Information** option should only be used if instructed to do so by Savant Support.

LIGHTING

Lighting control in the Savant Pro App can easily be done by room, or by individual light.

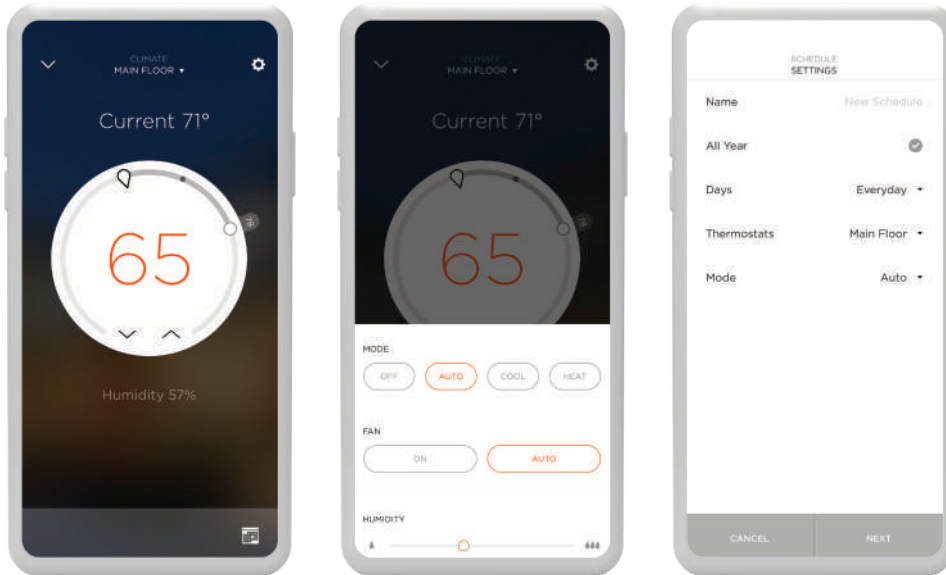

Tap a **Lighting Icon** to bring up convenient, pre-set options that let you control all the lights in a room with a touch.

To adjust individual lights, tap the **Lights** bar at the bottom of the screen and manually dim or brighten the light using the slider.

Choose from millions of colors or pre-set whites that match your circadian rhythm. Take a Truelmage photo of your light with your device. At a touch, see the color and brightness simultaneously change in your virtual light and in your real-world fixture.

CLIMATE

Climate control in the Savant Pro App allows for instant control of rooms, as well as scheduling.

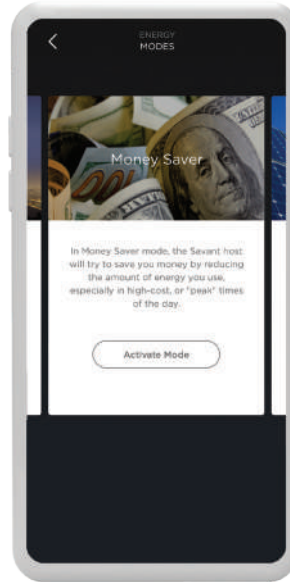

There are three climate modes. In Heat or Cool mode, simply use the sliders or arrows to set the temperature you want. In Auto mode, use the sliders to set an appropriate temperature range. Tap the **Settings Icon** to change modes.

Tap the **Calendar Icon** to put your climate on a schedule—your home can start warming every day at 6am, or cool off in the evening.

To temporarily override a schedule, press and hold the climate control circle to bring up a **Hold Temperature menu**.

ENERGY MONITORING & MANAGEMENT

The Savant Pro App provides real-time, utility grade energy information.

View and monitor energy usage trends, see real-time, utility grade consumption data and activate pre-defined Energy Modes. Energy Modes are like Savant Scenes for energy consumption.

Pair the Savant System with Racepoint Energy Solar Panels and battery storage systems and now you can manage energy generation, storage and consumption.

AUDIO

Savant Pro offers a personalized, easy-to-use entertainment experience.

The **Global Now Playing** screen shows all active audio/video services, and allows you to control the volume in each room.

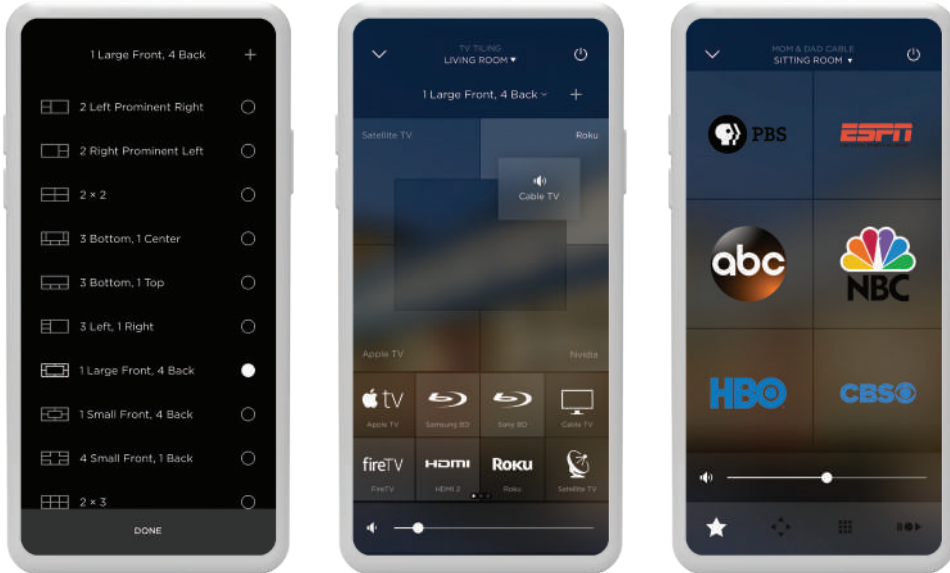

Tapping the **... Icon** on the Global Now Playing screen brings up the **Distribution** screen, which lets you play audio/video in additional rooms.

To see what's playing next or edit the music in your queue, tap the **≡ Icon** on the Now Playing screen.

Press and Hold the power button to setup a sleep timer.

VIDEO TILING

Display multiple sources on one display with Savant IP Video.

Select from **Predefined Layouts**, drag a tile to move views, pinch to expand a particular source, or **Press and Drag** the **Audio Icon** to choose which source should provide sound.

Simply tap on a particular tile to bring up the correct control interface for that source. Savant determines the right controls for that source.

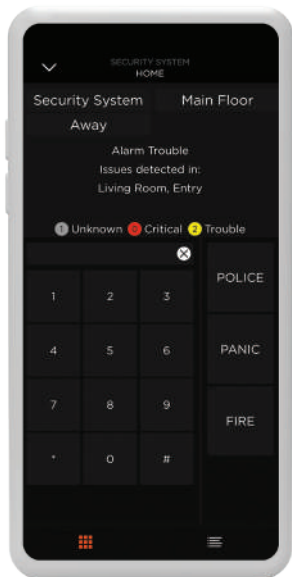

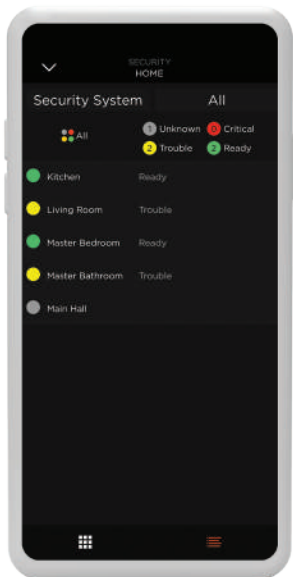

Access all your favorite channels at a touch. Save certain views with predefined layouts, channels + sources. You can also add a Tiling layout to a Savant Scene.

Activate Video Tiling from the convenience of your remote control. With the Savant Pro Remote you can Select from **Predefined Layouts**, change and control the sources, as well as select and move the **Audio Icon** to the source you want to hear.

SECURITY

Savant Pro supports most popular security platforms.

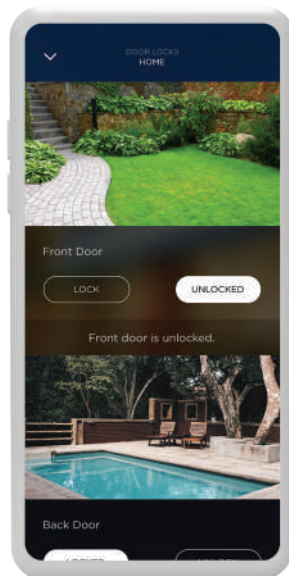

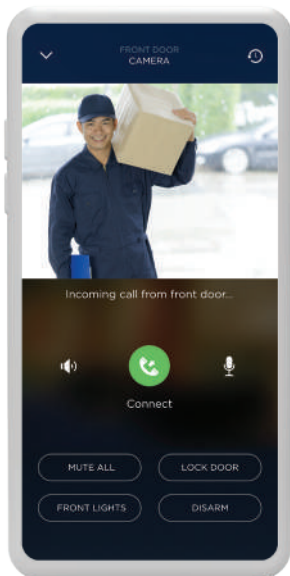

The buttons mimic your in-wall keypad so you can set your alarm from anywhere.

See the status of every sensor in your home at a glance.

Security cameras let you keep an eye on things when you're away.

ENTRY ACCESS

Garage and Door entry services are at your fingertips wherever you are.

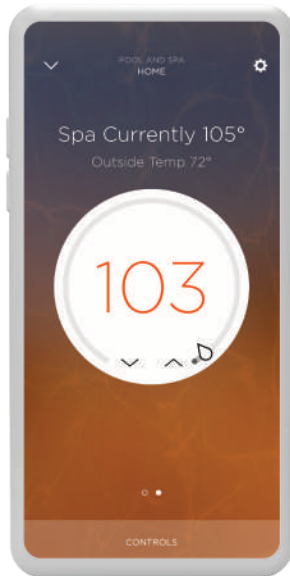

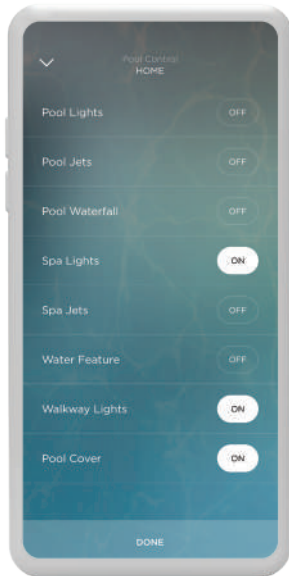

Garage doors indicate if they are open or closed and show warnings if there are any problems.

Lock and unlock doors and see the status of which doors are locked and which are not at a glance.

View cameras to see who is at the door, even if you are away from home.

POOL & SPA

Control your pool and spa right from your device.

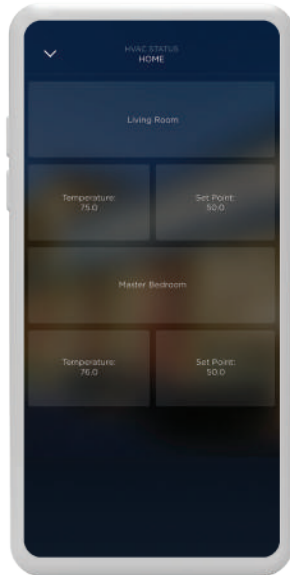

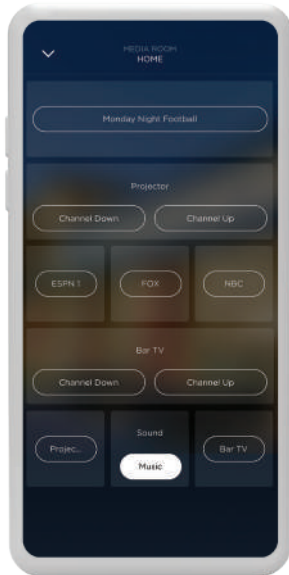

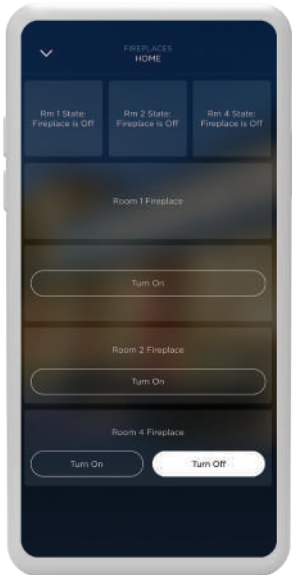

View current temperature and change desired temperature setting for Pools and Spas.

Select **Controls** to adjust other options including pool accent lighting, water jets, and fountains.

CUSTOM SCREENS

Speak to your Integrator about custom screen options.

Custom screens can be added to your Savant Pro App by your Authorized Savant Integrator.

Options include buttons for common activities that cannot be created in a Scene or to display status information for devices in your home.

DAYLIGHT MODE

Create and control your own Personal Wellness Experience.

With **Daylight Mode** activated, your lights will transition through color temperatures throughout the day to correspond to the sun.

Designed to help with your circadian rhythm, lights will adjust to warmer temperatures in the morning and evening and cooler in the middle of the day.

USA1 Lighting, Savant DMX Light Strips & Smart Bulbs are all compatible with Daylight Mode.

Default Circadian Light settings are based on target Circadian Stimulus scores and typical light levels, according to research by the Lighting Research Center.

APPLE WATCH

Merging the most sophisticated features with the greatest level of convenience.

Control and status has never been more convenient with the Savant Apple Watch app.

Capture the perfect moment and then save it as a **Savant Scene**. Use the Savant Apple Watch App to turn on and off any Savant Scenes, or only those that you frequently use.

Create **Notifications** to alert you to important status changes in your home, and then take action immediately and easily.

VOICE CONTROL

You can use voice control to activate your Savant System. Choose from the security of user-activated voice functionality with the Savant Pro Remote and advanced Siri integration or add Google or Amazon Alexa voice control throughout the house to activate a Savant Scene without having to find the remote.

Any Savant Pro Remote can utilize built-in Savant voice mode, or set up integration with Siri, Apple's intelligent voice assistant with a Wi-Fi Savant Pro Remote on any system running Savant 9.1 or later.

Any Savant Pro system running Savant 8.4 or later can have Google or Alexa voice services added to the system. Use the Alexa App, Google Home or Google Assistant Apps to activate. Visit savant.com for more details.

“Hey Siri, watch
Game of Thrones.”

A white smartphone lies on a rustic wooden table. The phone's screen displays the Apple Home app interface, showing a grid of smart home device tiles. To the right of the phone is a modern lamp with a white ceramic base and a black globe shade supported by a gold-colored metal frame. In the background, a dark grey carpet and a white pillow are visible.

Once you've turned your home into a Savant Home,
you'll never want to live any other way.
