

Battery Operated Cutting Tools

S7-K50Y

FEATURES

New auto reverse feature lets operator choose how far the blade reverse for maximum efficiency on repetitive cutting operations.
The knob to adjust reverse distance to cable O.D.
LED work light for dark working site
Locker switch to prevent operation error
The S7 battery operated mechanical cutters offer Speedy and Power efficiency cut by 21.6V Izumi Lithium-ion battery or genuine Makita 18V lithium-ion battery

S7-K50Y 21.6V

SPECIFICATIONS

| | |
|---------------|---------------------|
| Model No. | S7-K50Y |
| Blade Opening | 50mm |
| Size | 197×392×117mm |
| Weight* | 2.9kg |
| Battery type | 21.6V Izumi Battery |

*without battery

S7-K54AC

FEATURES

New auto reverse feature lets operator choose how far the blade reverse for maximum efficiency on repetitive cutting operations.
The knob to adjust reverse distance to cable O.D.
LED work light for dark working site
Locker switch to prevent operation error
The S7 battery operated mechanical cutters offer Speedy and Power efficiency cut by 21.6V Izumi Lithium-ion battery or genuine Makita 18V lithium-ion battery

S7-K54ACR 21.6V

S7-K54ACM 18V

SPECIFICATIONS

| | | |
|---------------|---------------------|--------------------|
| Model No. | S7-K54ACR | S7-K54ACM |
| Blade Opening | 54mm | 54mm |
| Size | 206×347×117mm | 206×335×117mm |
| Weight* | 2.6kg | 2.6kg |
| Battery type | 21.6V Izumi Battery | 18V Makita Battery |

*without battery

S7-K65

FEATURES

New auto reverse feature lets operator choose how far the blade reverse for maximum efficiency on repetitive cutting operations.
The knob to adjust reverse distance to cable O.D.
LED work light for dark working site
Locker switch to prevent operation error
The S7 battery operated mechanical cutters offer Speedy and Power efficiency cut by 21.6V Izumi Lithium-ion battery or genuine Makita 18V lithium-ion battery

S7-K65R 21.6V

S7-K65M 18V

SPECIFICATIONS

| | | |
|---------------|---------------------|--------------------|
| Model No. | S7-K65R | S7-K65M |
| Blade Opening | 65mm | 65mm |
| Size | 232×368×117mm | 232×356×117mm |
| Weight* | 2.8kg | 2.8kg |
| Battery type | 21.6V Izumi Battery | 18V Makita Battery |

*without battery

Battery and Charger

Izumi BATTERY AND CHARGER

BP-2140

CH-21W

SPECIFICATIONS

| | |
|----------------|---------------------|
| Model No. | BP-2140 |
| Type | Lithium-ion Battery |
| Output voltage | 21.6VDC |
| Capacity | 4.0Ah |

SPECIFICATIONS

| | |
|---------------|---------------------|
| Model No. | CH-21W |
| Input voltage | 100-240V AC 50-60Hz |

Makita BATTERY AND CHARGER

BL1830B

DC18RC

SPECIFICATIONS

| | |
|----------------|---------------------|
| Model No. | BL1830B |
| Type | Lithium-ion Battery |
| Output voltage | 18VDC |
| Capacity | 3.0Ah |

SPECIFICATIONS

| | |
|-----------|--------|
| Model No. | DC18RC |
