

Something magical happens when we interact with water. A warm shower can lift the spirit. A cool glass of water can refresh and renew. Exploring water in nature can make anyone feel a part of something bigger. Water is essential to life. It connects us to our environment, and to each other. It's no wonder that being with water inspires a greater sense of harmony with the world and deepens moments that make us feel most alive. With each new product Moen creates, we celebrate water's ability to nourish, cleanse and bring people together. One innovation after another, we create new products and technologies **for the love of water.**

**Speak volumes of water and more.**

U by Moen Smart Kitchen Faucets are revolutionizing the home through the power of voice control and hands-free, intuitive operation. With multiple ways to dispense precise volumes and temperatures, together or separately, this is water delivery how you want it, when you want it – every time. Just say the word to fill your pasta pot. Simply speak to pour the perfect baby bottle. Or, don't say anything and simply wave your hand to activate the water flow. Say hello to your new kitchen assistant.

**The next level in home water security.**

The Flo by Moen whole home water monitoring security system offers peace of mind and puts you in control over your home's water. Help prevent pipe leaks, and monitor usage with the Flo by Moen Smart Water Shutoff. And for what you can't control, Flo by Moen Smart Water Detectors sense moisture and notify you whenever there is a threat present. With convenient smartphone controls, there are more options to keep the things you love protected.

**Water on your wavelength.**

Start the flow of water with just the wave of a hand. Even during the messiest and busiest moments in the kitchen, you're still in control with MotionSense Wave. Stay on the move, and your water will move when you want it to.

**An incredible shower experience**

The Moen Aromatherapy Handshowers are uniquely designed with the ability to infuse essential oils directly into the waterflow to create an incredible and sensory shower experience, when desired.

### Hydro Roller Massage Combination Shower

The Moen Hydro Roller combination showerhead pairs a massaging handshower with a rainshower for the ultimate revitalizing spa experience. The handheld showerhead offers six massaging rollers, which move freely when the water is on or off, distributing the perfect amount of pressure to the body. Users can keep the handshower docked for maximum coverage or remove it from the dock to massage the muscles. In addition, the handheld showerhead features three spray settings – full coverage, massage and relaxing massage – which easily can be changed with the push of a button. The rainshower's large, 7½-inch spray face provides excellent coverage, while the 72-inch, flexible metal hose on the handshower allows for extended reach. The Hydro Roller massaging showerhead is available in Moen's exclusive Spot Resist Brushed Nickel finish, which resists fingerprints and water spots to maintain the brilliance of the fixture.

**Bold design takes water to new depths.**

Dive deep into a dramatic finish that takes your room to new depths. Jazzy in matte black translates to any style by adding an alluring modern element that creates a striking focal point full of grace and luxury. This full premium bath suite redefines modern in the language of great design.

**Water's moment in the sun.**

By combining bright innovations with gilded hues, Moen brushed gold brings water into its golden era. We've thoughtfully leveraged the opinions of designers, architects and consumers to create a sophisticated finish that complements any style. Discover the products available in Moen brushed gold and bring stunning sophistication to any environment. From kitchen to bath, every experience with water should be brilliant.

# Custom Showering

**Nebia by Moen** Featured in Chrome Finish

## Now there's a shower to go with every body.

With expanded lines of tub fillers, body jets, rainshowers, handheld showers and the **U by Moen** showering system, an at-home spa is right at your fingertips. Experience the ultimate in customization and transform any bathroom into a personalized escape, no matter the size and space.

There are numerous configurations for pairing products to create the perfect system for you. Combine a four-outlet U by Moen system with a showerhead, rainshower, handshower and body sprays, and bring the spa home. From soothing aching muscles to overindulging in self-care, there's a combination for every need.

**Overhead-Mount  
Rainshower Showerhead**  
S1004

Once upon a time,  
people turned a handle to start their shower.

That was before Moen made it possible to start your shower with the sound of your voice or a tap on your smartphone. Smart home assistants, such as Amazon's Alexa, allow us to adjust lighting to fit our mood, play our favorite music and even order late-night pizza. So why not use the same technology to make an everyday shower amazing?

Compatible with Amazon Alexa, Apple HomeKit and Google Home, U by Moen connects to your Wi-Fi for a customizable shower experience for your whole smart home portfolio. U by Moen remembers personalized settings by name and offers elegant finishes to fit harmoniously with any shower design. Make your shower work for you — all at the sound of your voice or the touch of an app.

With U by Moen, the wave of the future starts with a shower designed just for you.

- Personalized setting for every occasion
- Remote activation with Amazon Alexa, Apple HomeKit, Google Home and U by Moen smartphone apps
- Digital controller with LCD display
- Water-saving warm-up and pause
- Flexible installation with two- and four-outlet valves and controllers

## Digital Showering for Every Space

U by Moen with  
Two- and Four-Outlet  
Controller and Valve

From cozy showers to spacious spas, U by Moen combines luxuries such as body sprays and hand showers that turn a shower into an escape. Available with a two-outlet digital controller and valve for smaller spaces and a four-outlet digital controller and valve for larger spaces, make any shower you get in feel like getting away.

### Two- and Four-Outlet Controllers

- Wi-Fi connected shower controller
- Easy-to-read 5-inch non-touch LCD screen
- Soft-touch buttons for each outlet and power, temperature and preset buttons
- Stylish matte black and terra beige finishes coordinate with any shower design
- Five-Year Limited Warranty

### Two- and Four-Outlet Valves

- Thermostatic digital valve with precise temperature and outlet control
- Compact valve design and 30-foot data cable for flexibility in install locations
- Easy servicing with accessible filter screens
- Optional battery backup kit (179573) for continued operation during power outages
- Four-outlet valve uses 3/4" inlets and 1/2" outlets; 16.0 gpm flow rate
- Two-outlet valve uses 1/2" inlets and 1/2" outlets; 10.3 gpm flow rate
- Five-Year Limited Warranty

### Smartphone App

- Operates U by Moen shower remotely and allows customization and personalization of many additional preferences

### Voice Activation

- Compatible with Amazon Alexa, Apple HomeKit and Google Home

NEBIA BY MOEN

A Blissful Shower Experience That Saves Water

**Nebia by Moen** leverages the best of science and technology to create a showering experience engineered for optimal warmth, rinse-ability and body coverage. Through a process called atomization, the method of breaking water into tiny droplets. Atomization creates the sensation of more water while actually using up to 45% less\*.
