

# HOUSE OF ROHL

We believe distinctive stories are what make life exceptional.

At the House of Rohl, we pursue the discovery of time-honored craft that opens the door to stories unlike any other.

Stories of place and provenance.

Stories of dedication and passion. Stories of artistry and heritage.

And the closer you look, the more you'll see,  
the details of your own story of a life well crafted.

# A lifetime of luxury bathing

Victoria + Albert Baths was born out of a passion for luxury bathing. The vision was simple: to create design pieces that set the standard for style, innovation and performance. Baths, basins, taps, furniture and accessories that deliver a superior bathing experience.

This year we expand the range further with a new category of washstands and add to our existing bath, basin and tapware collections. The result is a complete range of bathroom products which take the concept of luxury bathing to a new level.

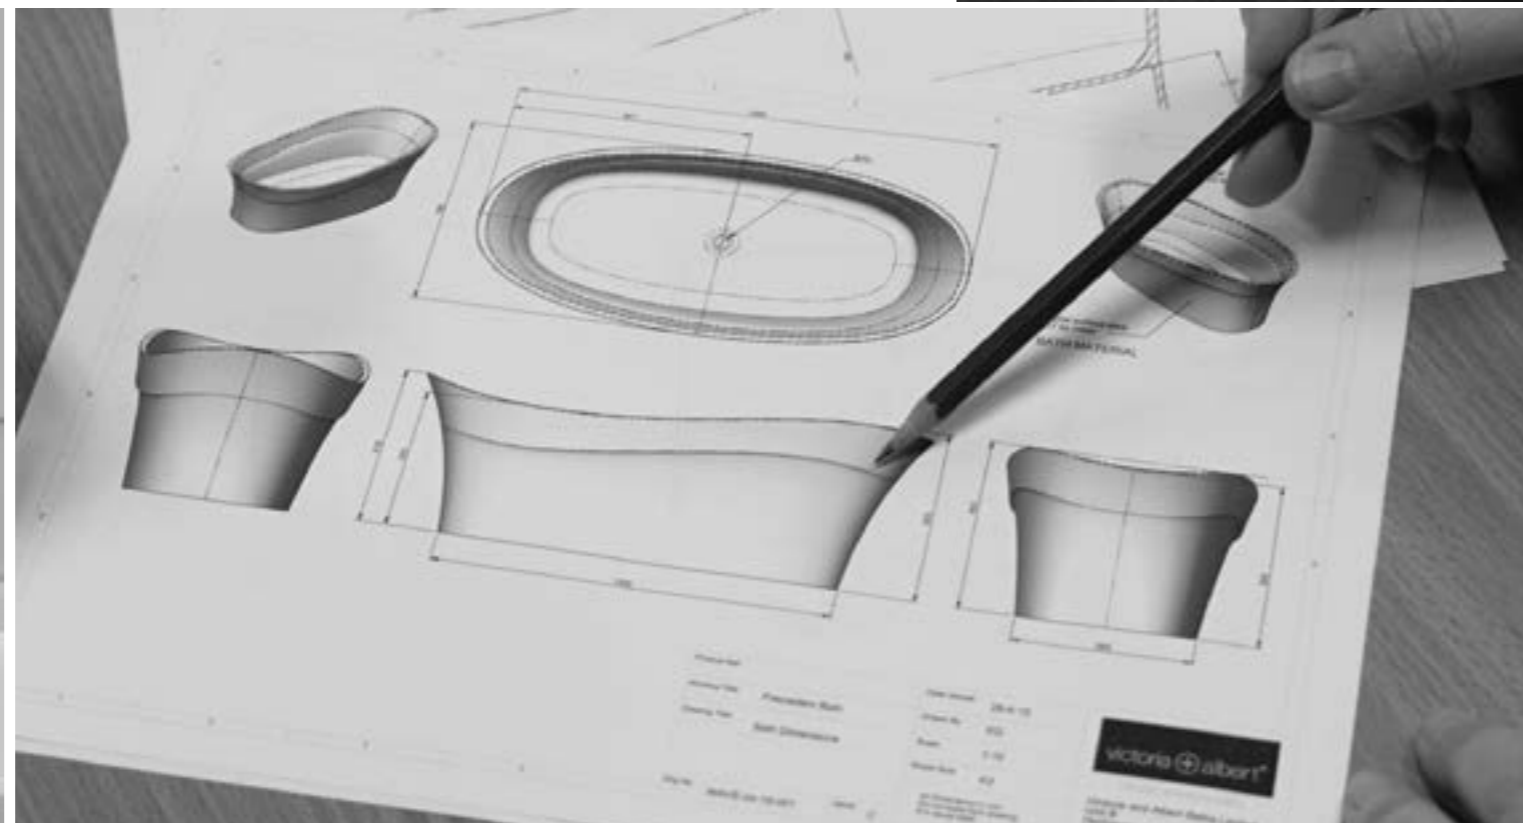

# A passion for detail

At Victoria + Albert, we pride ourselves on attention to detail; from the first-class craftsmanship and materials that go into each of our products, to the support from our dedicated customer services team.

We have total control of our manufacturing process from start to finish; every bath and basin is hand finished and inspected in our factories near Cape Town, South Africa. An investment in maintaining high levels of inventory means that we can dispatch orders from one of our global distribution centres within days.

Our commitment to the finer details is one of the many reasons Victoria + Albert has been specified in some of the most luxurious hotels and residences worldwide.

## What is QUARRYCAST?

Our specially developed QUARRYCAST material is made from a unique blend of Volcanic Limestone and high-performance resins.

Volcanic Limestone is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone.

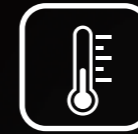

The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

We blend milled Volcanic Limestone rock with high quality resins to bind these strands into a complex 3D matrix. The finished result is QUARRYCAST - a world class stone composite that delivers unrivalled strength, durability and beauty.

# What are the benefits of QUARRYCAST?

• **Easy to clean:** resistant to aggressive cleaning chemicals. The naturally glossy surface is easy to wipe clean.

• **Warm:** warm to the touch with high insulating properties, keeping your bath water warmer for longer.

• **Scratch and stain resistant:** the naturally white, glossy surface is incredibly durable, and resistant to hair dyes and bath oils.

• **Strong:** QUARRYCAST is solid all the way through - more than twice as hard as acrylic with no creaking or flexing.

• **Lightweight:** surprisingly lightweight, the average weight of our baths is just 72kg.

# A world of colour

We are pleased to announce the launch of a new colour service, allowing you to personalise the exterior of our freestanding baths and basins to coordinate with the rest of the bathroom's design. In addition to our existing six standard paint finishes, we are now offering a spectrum of 194 RAL colours, in either gloss or matt finishes.

Each finish is multi-layered using a special catalysed paint, with hand polishing between applications. The technique results in an exceptional depth and lustre to the finish, and is considerably more durable than hand painted surfaces.

Visit [www.vandabaths.com](http://www.vandabaths.com) to view the whole range of colours.

\* Note: Please allow up to a 6 week lead time for all painted baths and vessel basins. Please speak to a sales representative to request a RAL Order form. Victoria + Albert Baths define "gloss" at a 90% gloss level, and "matt" at a 20% gloss level.

# 194 RAL colours

## Reds

Red tones will add vibrancy and energy to any interior design scheme.

RAL 3000	RAL 3001	RAL 3002	RAL 3003	RAL 3004	RAL 3005	RAL 3007
RAL 3009	RAL 3011	RAL 3012	RAL 3013	RAL 3016	RAL 3018	RAL 3020
RAL 3024	RAL 3026	RAL 3027	RAL 3028	RAL 3031		

## Oranges

Add a touch of uplifting orange - from fresh apricot to warm terracotta.

RAL 2000	RAL 2001	RAL 2002	RAL 2003	RAL 2004	RAL 2005	RAL 2007
RAL 2008	RAL 2009	RAL 2010	RAL 2011	RAL 2012		

## Yellows

Inject a pop of colour with sunshine yellow, or opt for a golden glow.

RAL 1000	RAL 1001	RAL 1002	RAL 1003	RAL 1004	RAL 1005	RAL 1006
RAL 1007	RAL 1011	RAL 1012	RAL 1016	RAL 1017	RAL 1018	RAL 1020
RAL 1021	RAL 1023	RAL 1024	RAL 1026	RAL 1027	RAL 1028	RAL 1032
RAL 1033	RAL 1034	RAL 1037				

## Greens

Tap into the botanical trend with our range of green tones.

RAL 6000	RAL 6001	RAL 6002	RAL 6003	RAL 6004	RAL 6005	RAL 6006
RAL 6007	RAL 6008	RAL 6009	RAL 6010	RAL 6011	RAL 6012	RAL 6013

Taizu is our first collaboration with renowned Hong Kong based designer Steve Leung, who is known for using Asian influences in his designs.

The opulent circular bath has been inspired by the fine porcelain designs of the Song Dynasty. The gently sloping sides are softened by a chamfered edge and sculpted detail at the base. With a diameter of 1500mm, Taizu is a spa-style centrepiece that is at home in the most luxurious bathrooms.

Available in six standard exterior paint finishes, or explore our spectrum of new RAL colors in gloss or matt finishes.

# Washstands

New for 2018, our washstands are perfectly suited for modern or traditional interiors. Choose between two styles; the Neoclassical Candella with elegantly detailed legs, or the Edwardian Metallo, which features distinctive joint details. Explore the different basin options, which include a striking Quartz top with an undermounted basin, or one of our generously proportioned Solo basins. This collection is designed by Meneghello Paoletti Associati.

# Waste kits

Choose between our range of waste kits to meet your installation needs. This year, we have extended our range to include the new Kit 36 Intelli-waste, with a lower water capacity than our Kit 40. We have also introduced a white QUARRYCAST finish for our Kit 25 basin waste, creating a seamless look.

水封的限制符合BS EN 274-1标准

## Intelli Waste

Based on the patented technology of our popular Kit 40 intelli-waste, we introduce the Kit 36 to our collection for 2018. Both bathtub drains work just like a normal 'click-clack' waste, however, if the maximum safe depth of water is reached (circa 36cm for the Kit 36 and 40cm for the Kit 40) then patented technology within the unit triggers the plug to open, helping to avoid a flood. Once the tap is turned off, the intelli-waste allows the bath to empty to approximately 26cm (30cm for the Kit 40) and then automatically reseals, allowing the bather to enjoy a deep soak. Perfect for hotel applications or homes with children.

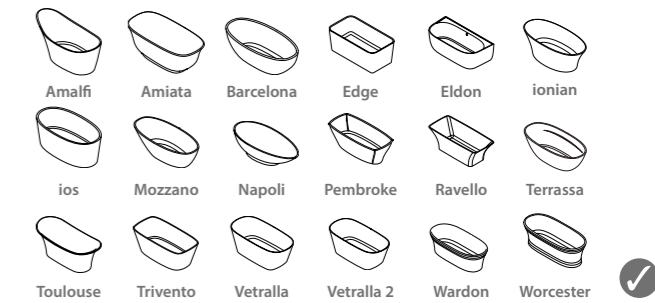

### NEW Kit 36

Intelli Waste. Circa 36cm maximum depth. Suitable for Victoria + Albert baths without a predrilled overflow. NB. Not suitable for Cabrits. The K36 is designed to conform to BS EN 274-1.

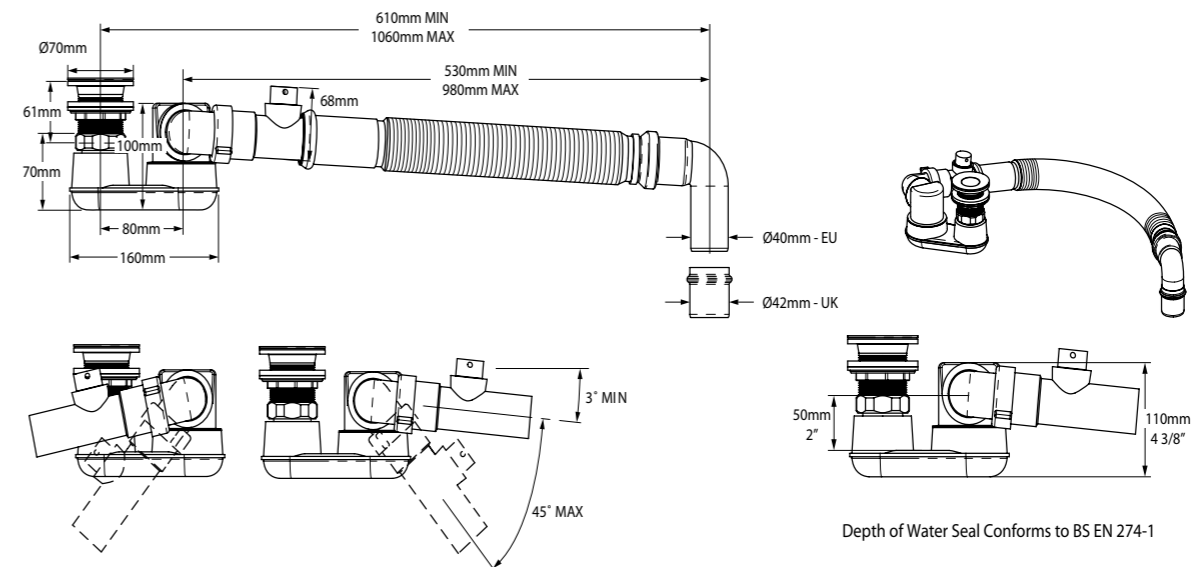

### Kit 40

Intelli Waste. Circa 40cm maximum depth. Suitable for Victoria + Albert baths without a predrilled overflow. NB. Not suitable for Barcelona 2, Barcelona 3, Cabrits, Mozzano 2, Pescadero. The K40 is tested to and meets BS EN 274-1.

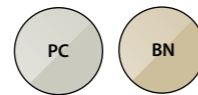

### CNK-36-xx-EU CNK-40-xx-EU

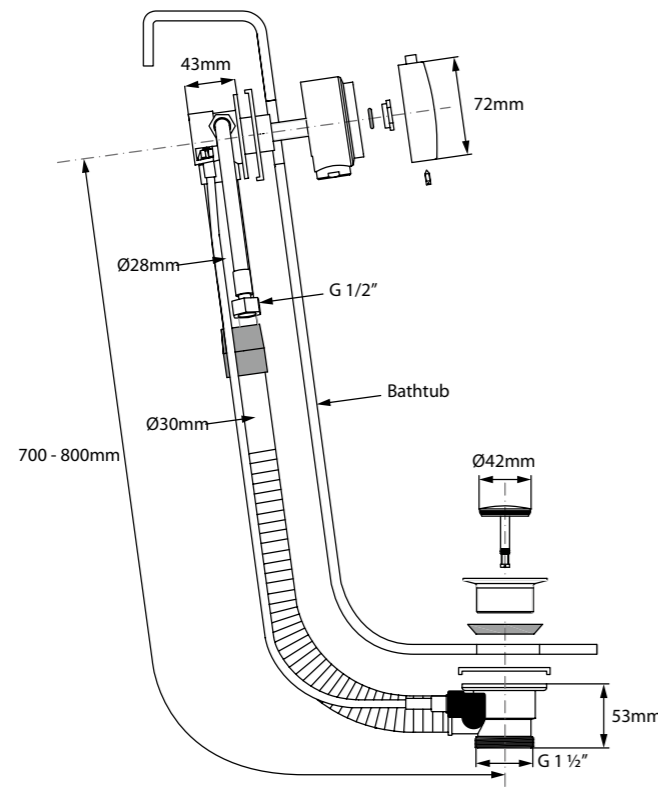

**Kit 60**

Combined bath filler and overflow with 'push control' plug. Designed for concealed applications. Control valves not included. See brassware pages for concealed options.
