

BLUES Rectangular table

Designer: Giuseppe Viganò

Year: 2022

DESCRIPTION

The table of the Blues collection has a base that evokes wings, both aesthetic and functional, supporting the top, in an elegant game of lines. A metal detail makes the central meeting point sophisticated. The top is characterized by rounded corners and circular and light lines, as well as the profile, always rounded and enriched on the entire perimeter with the same metal detail of the base. The different varieties of materials and finishes of the top - in wood or marble - and of the base - in walnut or glossy lacquered wood - make the table a design element suitable for any interior. The Blues table is available in different finishes as per sample card.
