Boost your productivity and go hands-free with the Targus® Wireless Bluetooth® Stereo Headset. Using a headset frees up your hands to take notes, multitask, and comfortably take calls without cradling a phone between your neck and shoulders. With a full charge on its 410 mAh lithium polymer battery, this headset supports 16 hours of talk or playback time and comes with a USB-C® charging cable. Though equipped for wireless convenience, the included 3.5 mm AUX cable offers an optional wired connection.

This headset features a rotatable, detachable omni-directional boom microphone, which allows you to find your ideal mic placement to provide clear sound quality for your listener. Equipped with noise-canceling technology, this headset filters ambient noise and provides better speech clarity. Its dual over-ear speakers enhance incoming sound while helping block out the noise around you. With an adjustable padded headband and soft touch ear pads, this headset offers a comfortable, secure fit for all day wear. Bonus: No need to take your headset off to control this headset. Audio adjustment and call connecting controls are at your fingertips, located on-ear and on the mic for optimum performance.
